4. **What about speeding on the road ?**

There is no tolerance on speeding, so pls. follow speed limits. Rental cars start beeping at 120 km/h (which is the speed limit on highways)

5. **Do I need a special driving licence to rent and drive a rental car ?**

Yes, there is strict rules in the UAE, you need an international driving permission/permit. Pls. check with your local automobile federation.

6. **What do I need to adhere knowing that I am in an Arabic country ?**

The UAE is a safe place to be, but as it is an arabic country there is some differences in legislation. Local laws reflect the fact that the UAE is a Muslim country. You should respect local customs and sensitivities at all times

We can not offer a full list of DO´S AND DON´TS but here is some items to take care of.

- In our opinion even a small crime might lead to be imprisoned such as being top less, being drunk in the public, bad behaviour.....
- Consuming, smuggling or dealing with drugs might get penalized by up to 25 years of prison. Even drug consumption in the past proven by urine testing might get you in trouble.
- If carrying pharmaceuticals you should carry also a written Doctor's prescription
- Talking to local girls or ladies even a minor misunderstanding could get you in serious trouble with police.

Pls. check for more details with your local embassy or ministry of foreign affairs.

7. What do I have to follow in case of a road accident ?

Don't move your car until the police arrive at the scene, even if it is an obstruction to the traffic. It is an offence to leave the scene of the accident before the police have arrived. Stay calm when talking to police officers.

Because it is an offence in the UAE to drink and drive, no matter how small the amount, your insurance is likely to be invalidated, leaving you to pay the claims of other parties involved. If you are in the slightest doubt, take a taxi.

8. Do I need any insurance ?

We strongly recommend that you obtain comprehensive travel and medical insurance before traveling. You should check any exclusions, and that your policy covers you for the activities you want to undertake as well as an emergency return insurance.

9. What about alcohol ?

Alcohol is not available except in hotels. Drinking alcohol in public is forbidden. Import of alcohol for personal usage into Dubai and Abu Dhabi is allowed.

It is also illegal to drink alcohol under the age of 18. If a person under 18 is arrested with alcohol in their blood stream, it is highly likely that they will receive a prison sentence. Because it is an offence in the UAE to drink and drive, no matter how small the amount, your insurance is likely to be invalidated, leaving you to pay the claims of other parties involved. If you are in the slightest doubt, take a taxi.

Pls. check for limits and more details with your local embassy.

All spare parts for chassis and engines are available at a shop on the track.

In case a part is to be replaced or damaged ROTAX/chassis supplier will decide if it's covered under warranty. If not parts have to get purchased at usual market prices.

16. Can one take their own carburettor or exhaust for instance and use them?

NO, all carbs and exhausts are marked with a number and supplied.

17. Do we have to take the necessary tools?

No, but you can (accu drill, etc.)

Any major, unfair behaviour or cheating will automatically lead to the immediate exclusion from the event and hotel.

Have a save trip and see you in the UAE!
