

Dear Distributors !

It is our pleasure to announce the date and location for the ROTAX Grand Finals 2010.

Most likely a lot of you already know as communications in karting community simply work great.

The event will take place in the time frame of

14. - 21. Nov. 2010

at the track of

La Conca in Muro Leccese / Italy

After an excursion to Egypt we are proud to return to the great track of La conca. In La conca we can neither promise you dry condition nor warm weather but we can "promise" exciting racing on a world class track at a world class facility.

One of the diverse reasons why to return to La conca was the fact that the event 2010 will be the biggest GRAND FINALS so far and the infrastructure of La conca combined with the experience of Mr. Luca de Donno and his team perfectly supports this growth.

The growth of the event is based on the introduction of an additional category – the 125 MAX DD2 Masters . The first time master drivers (+32 years of age , min. weight 180 kg) inside the ROTAX MAX family get the chance to compete on an international level.

The track of La conca in Muro Leccese is located close to the sea (10 km) south of the cities of Brindisi (next airport) and Lecce.

More info on the location, travel arrangement to follow on a regular base as of now.

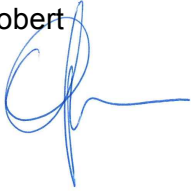

As of now we kindly ask you to start officially publishing this info on your web pages and other promotional material.

At latest by the end of April we will announce as well the chassis manufacturers supporting us at this event.

Best regards and see you there!!!

BRP-Powertrain GmbH & Co KG
